April 25, 1960

Dear Friends:

On Saturday, May 21st and on Sunday May 22, 1960 the Wellesley Baptist Church will be celebrating its tenth anniversary. This marks a thrilling episode in the history of Baptist accomplishments in this state. At all times, but at this particular time we are anxious to have all of our friends and members present to rejoice and to reflect on our church for its incalculable value to both adults and children.

An impressive program has been arranged and on Saturday, May 21st at 5 P.M., weather permitting, there will be fellowship gathering held on the lawn and at 6 P.M. a banquet will be held in the vestry. What an opportunity to live and re-live our interests and activities when the Presentation of the Highlights in our church is re-enacted.

On Sunday morning, May 22nd, at 11 A.M., Dr. Herbert Gezork will be our guest speaker. Dr. Higginbotham and others from the Massachusetts Baptist Convention will be present also.

If you have any pictures or data which could be included we would be very happy to receive the material and to feature it with our memorable collection.

Please be sure to circle the dates because we want YOU to be there. Bring the whole family. We guarantee a place to sleep, something to eat and renewed friendships - but please be sure to let us know so that we can plan your wishes.

Sincerely yours,

Bob and Ruth McGowan
